

Federal Investigative Unit—Department of Energy Security (DES)
Level 4—Internal Use Only

FILE 07: CHEN, MARCUS LI

STATUS: ALIVE - Missing Since 09 August 2025

DOB: 26 June 1981

Occupation: Chief Security Officer, SolGen Technologies

Education: M.S. Cybersecurity (Georgia Tech); Former NSA Counter-Intel Analyst

Marital Status: Married - Spouse: [REDACTED]

Children: N/A

Last Known Address: 331 Ashwood Blvd, San Jose, CA

BEHAVIORAL NOTES:

- Known for high loyalty to Reynolds.
- Frequently used burner phones registered to SolGen subsidiaries.
- Reported "vacation leave" two days post-incident; no subsequent financial activity detected.
- [REDACTED]

ADDITIONAL INFORMATION:

Marcus Chen supervised all digital and physical security for SolGen. Internal records confirm Chen approved service desk ticket D-742; the deletion of Wren's access credentials one day before his death. Security logs show he ordered "containment of domestic breach vectors," likely referring to Wren's home devices. Cell tower data places Chen within one kilometer of the Wren residence on the night of the murder.
